MENT 2234: Project Rubric Overview

Blogs 10%; simulation reflections 40%; participation 10%; midterm report and video together 20%; final report and video together 20%. Team registration is required setup with no separate course weight. Preserve the existing Blackboard allocation between each report and video; use the video scoring criteria already posted there. Report rubric points (midterm 60 plus up to 4 bonus; final 50) are not course percentages. All existing Blackboard deadlines and cutoff times remain unchanged.

Videos and submission

Each project includes a 15-minute video. Follow the video topics in the corresponding instructions and the existing video scoring criteria in Blackboard. The 60- and 50-point rubrics above apply to reports only. Preserve Blackboard's existing report/video allocation within each project's 20% course weight.

Use one company and one shared Google Doc across both submissions. Save the separate midterm PDF before revising Part 1 and adding Part 2. Final submission captures the completed PDF and closes the SkillSimm run. Follow the existing Blackboard upload instructions and deadlines for both deliverables.
